
Education

Northwestern University

09/2020 – present | Evanston, IL

Third-year Gates Scholar at Northwestern University studying computer science. Relevant coursework as of recent includes artificial intelligence and the behavior of programming languages.

Washington High School

08/2016 – 05/2020 | Charles Town, WV

GPA: 4.38; SAT: 1400; ACT Composite: 31

Experience

Computer Science Peer Mentor

09/2022 – present

As a peer mentor for a CS class at Northwestern, I work closely with the professor by providing feedback on the class regarding how it is doing well and how it could be improved. I also hold office hours for students who need help with their studies.

Part-Time Computer Science Instructor

03/2022 – present

Computer science instructor for Juni Learning working with students across elementary, middle, and high school.

WNUR-FM

09/2021 – present

Radio DJ at Northwestern's student-run radio station.

Eversweet Apiaries

04/2015 – present

Eversweet Apiaries is my family's beekeeping business; I work year-round to help with building hives, product labelling, deliveries, etc.

WHS Liberty Collective

08/2017 – 05/2020

I participated in 7 theatrical productions with varying specific duties such as actress, crew member, and stage manager. From November 2018 to June 2019, I stage managed a production that involved approximately 30 individuals and reached the 2019 International Thespian Festival in Lincoln, Nebraska. I was also the president of our troupe during my senior year.

West Virginia Health Sciences & Technology Academy

08/2016 – 05/2020

Each year I completed a research project, and in both my sophomore and junior years, I received a perfect score from judges at the state symposiums. I also attended 2 summer camps through the program to further educate myself in the fields of biomedical science and forensics.
